

	QUALITY MANAGEMENT SYSTEM POLICY	Código	SGC-SGC-PO-001
		Versión	01
		Aprobación	01/04/22

MG INDUSTRIAL SOLUTIONS S.A.C, a company dedicated to the import and commercialization of industrial equipment, aimed at the field of automation and telecommunications, considers quality as one of its allies in order to consolidate itself in the national market as a leading company in the field in which that is developed, for which it declares its commitment to the Quality Management System as follows:

- Fully satisfy the requirements of our customers through ethical service management, excellence in the latter and providing them with quality products.
- Develop in our collaborators a culture of customer service, in order to achieve their full satisfaction.
- Permanent search for continuous improvement through the review of objectives, implementation of indicators, conducting audits and concluding with decision-making for the optimization of processes.
- Comply with the requirements, both of the Quality Management System and the legal and voluntary ones that apply to the organization.
